

Transparent Level Gauge PS32 / PS120

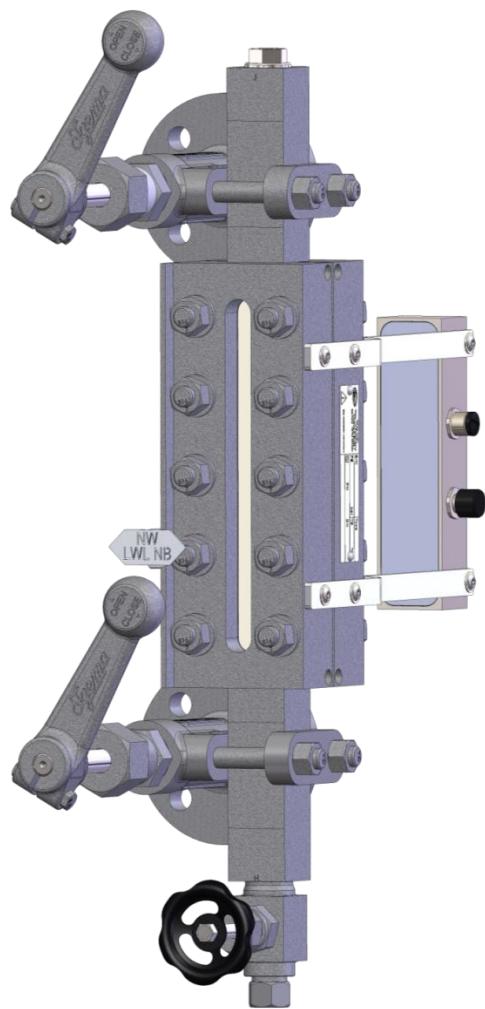

Type: TG32, TG120

Application & Function

The Transparent Level Gauge is a direct water level indicator with illumination device mainly used for steam boilers and/or Pressure vessel. The level is clearly visible at any time thanks to the brilliant and durable LED-backlight.

This product is in accordance to EU-directive 2014/68/EU Art. 4 (3) good engineering experience. Applied policy EN13445; EN12952; EN12953 and ASME-Boilers.

Transparent Level Gauge TG

Technical Basic Equipment

- Main Body in Carbon Steel
- Left-hand or right-hand model possible
- TG32: Shut-off Valve A120-CS PN 40 / DN20 or DN25
- TG120: Shut-off Valve A140-CS PN 160 / DN20 or DN25
- Drain Valve AV100 / AV250 and Vent Plug
- LED Illumination Device

Options

- Double Shut-off Valve
- Transparent Level Gauge in stainless steel
- Specific process connections
- Optional Drain Valves
- Inclined Version on request
